**A Message From  
 the Board**

**B**eginning this month, instead of a Message from the President, this spot will be a communication from our board members.

The board would like to thank Joyce Szulc for leading our club through a most challenging time over the past two years. She kept us all updated with her informative and engaging Week at a Glance email blasts every Friday. She also helped keep us connected through Zoom meetings in place of in-person gatherings.

Joyce spent six years on the board, the last five as Ski Activities director. We are glad that she will continue to coordinate our ski trips and will keep leading hikes, bike rides, dinners and other events.

We also want to thank Cindy Hummer, who was Social Activities director for the past six years. Cindy implemented several new activities, such as the supper club journeys, and expanded Game Night, Scrabble and many other events.

Also, a BIG thank you to Mary Beth Braun and Jan Breitbach for running for another two-year term. We welcome Denise Kremel, our new Social Activities director. She served on the board previously as vice president and Sporting Activities director.

We still have director positions that have not been filled, including the position of president. For the coming year, board members will assume additional responsibilities of the vacant board positions. Some of the president's responsibilities -- such as member communications -- will be rotated among board members. So some of us will do double- and even triple-duty.

Joyce has left big shoes to fill. Plan to attend the June meeting to hear about coming summer events and learn how you may be able to volunteer a small amount of your time to help the club and the board in a big way!

ourselves out by ability level or interest and head out in groups. We will hit the trails **Thursday mornings for 1.5 to 2 hours**, gathering at **9:45 a.m.** to sort into groups, with wheels rolling at 10. ## 2023 Ski Trips to Open!

The Vagabonds' **first ski trip of the 2023 season** will open for registration June 1. Look for details of January's trip to Crested Butte online and in future issues of the *Life*. Both Breckenridge and Park City are scheduled to open about July 1. Vagabond skiers will receive an email alert when the trips open.

## Europe Anyone?

For those interested in a European trip, the CMSC trip is to **Ischgl, Austria, Jan. 27 to Feb. 8** and includes a four-day extension to Prague. Trip price (per person double occupancy) is \$3,489 for a comfort room and \$3,329 for a standard room. For more details, contact Trip Leader **Sue Finis** at (708) 203-3831 or sue.cmssc@yahoo.com. Be sure to indicate that you are a member of the Vagabond Ski Club.

## Trip Leaders Needed

Ski trips cannot happen without trip leaders. We do have co-leaders for the Crested Butte trip in January but are **looking for leaders for Breckenridge and Park City**. Do you have the time to devote to running a trip? Do you have good planning and organization skills and are able to use (or learn) the club management software? If so, we need YOU to volunteer to run a trip! If you haven't run a trip before, consider being a co-leader to learn the ropes.

**Questions about the Vagabond ski program?  
Contact Joyce at (262) 886-9328 or jszulc@wi.rr.com.**

**Tech Tip by  
Linda Horn**

**Could a  
Password  
Manager  
Help You?**

We have all heard about the increasing importance of keeping hackers at bay by establishing strong, unique passwords for each of our online accounts. Last month's Tech Tip addressed "How to Set Up Safe Passwords." With so much of our lives taking place online these days, it's easy to forget a few passwords. If you find yourself always resetting your passwords because you can't keep track of them, or using the same password over and over, a password manager may be of help.

Password managers are designed to help you wrangle all of your logins and passwords. They save them in a digital vault, then auto fill them when needed. While many of these products can cost a few dollars a month, there are free versions out there, too.

If you're thinking about downloading a free password manager, it's important to do your research first. When it comes to storing personal information and

sensitive data, you want to make sure that you're using a trusted resource. Even then, there's always a fear of hackers. Still, creating complex passwords and changing them frequently is a safer alternative to repeating passwords just so you can remember them. This is not a recommendation for particular websites. You may have your own trusted locations for online security information. The list below covers a few that I have consulted recently.

**PC Magazine – www.PCMagazine.com.** Most recommendations seemed to be for paid password manager versions, although they are fairly inexpensive.

**Consumer Reports – www.ConsumerReports.org.** Search for Password Managers.

**Clark Howard – www.Clark.com.** Search for Password Managers. Skip the ads and find the article titled "7 of the best FREE password managers."
