Preventing Alzheimer's & Metabolic Syndrome

This Roundtable will be highly important if you are at all concerned about getting Alzheimer's Disease and would like to know how you can help prevent it as well as how to prevent or deal with metabolic syndrome (excessive belly fat). Bill Gaertner, MD., one of our Vagabond members who has also done several Roundtables for us, will outline important things for one to do to help prevent getting Alzheimer's, and he will also talk about how to prevent and deal with metabolic

syndrome, a serious condition that can lead to numerous health problems. Though there is no known cure yet for Alzheimer's and the various problems of dementia, there are early warning signs that need to be recognized and dealt with. Dr. Bill will tell you key things that are not difficult to do, but are crucial for your health. So don't miss this critical Roundtable. Questions? Contact **Ron Sonntag**, 414-788-4907, or ron@rspr.com. Dinner will be served from 5 pm, so eat while listening.

PRESIDENT'S CORNER

Ron Sonntag

Well, we have had our Premiere at our new meeting place, the Knights of Columbus Hall at 1800 S. 92nd Street. And what a wonderful gathering and event it was. The rain came down in buckets, but it didn't stop those persistent members who fought through the torrents to come see our new digs. It was certainly inspiring to those of us on the Board and helpers who had worked to try and make the opening a success. Big credit also to the staff of the KC Hall who welcomed us with open arms and hard work with the food and bars and the other services that they

performed to make our debut a good one. So thanks to everyone who helped and to all of you who came, and now we look forward to our second meeting there on October 5. We hope to see big crowds again, so all of you try to make it, and it will be fun, with a number of new entrants into the 80/30 Honorary Membership group as well. Come for the meeting and the great Roundtable and the wonderful food, too. Then stay for the music, dance, and camaraderie.

Your President,
Ron

SKI & TENNIS

Linda
Horn

TENNIS TIP OF THE MONTH

WAS THAT BALL IN OR OUT? Always treat your opponents [and partner] with courtesy and respect."

Here are some guidelines:

- 1) Your opponents call the shots on their side of the net. You call them on your side of the net.
- 2) If the ball touches any part of the line, it is in!
- 3) If you can't clearly tell whether your opponent's shot is in or out, it's in!
- 4) If you didn't see the shot, it's in!
- 5) In doubles, the person closest to the ball should make the call. You should not call balls wide if you are on the far side of the court and your partner is closer to the ball.

May you play well and above all HAVE Fun!

LIFT LINES

Sally
Borchardt

Don't Wait – Don't Hesitate – Signup Today!

We have some (all) spectacular ski trips (actually we do every year). Peruse the trips and see which one(s) fit your desires and signup so you don't get left out of a winter filled with fun, enjoyment and excellent exercise (that doesn't feel like exercise). You have to do it too, believe me – and at the end of the season you too will say, 'That was easy!'

That being said, there are a few rules, common sense some would say, but then others say, common sense isn't always common these days; so I will call them **safety tips**:

1. Always stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail or are not visible from above.

4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

Remember when I said there was a sale for your old equipment, 10 years old or less, to be precise. Well here it is, and even better than what we first anticipated. Our very own, **Mike Mitchell** has stepped forward to assist those people who would like to get rid of their equipment. Call Mike for further information at 262-632-1922.
